

# Creative Classroom Curriculum

Our Creative Classroom is making some big and positive changes! We are instituting some current and exciting curriculum programs! **Let's Begin with the Letter People**, **Handwriting Without Tears**, and **Let's Find Out** are going to help our preschoolers learn all year long! The Curriculum Fee associated with the programs allows us to utilize all the tools these programs have to offer. **Yearly Curriculum Fee: \$25.00**

## Let's Begin with the Letter People Program

Let's Begin with the Letter People is a really fun program to teach the alphabet to our Creative friends! It's organized by theme, and integrates language, literacy, math, science, and social-emotional development. The Letter People make the learning process fun, teaching phonological and phonemic awareness, print awareness, and alphabet knowledge.

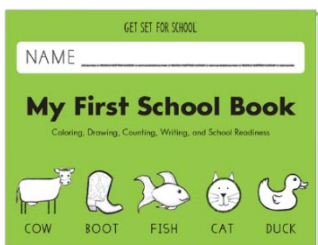

For the curriculum fee, your child will use: Letter People puppets, Letter People books, 'Ready to Read' Take-Home Book, 'Me bag,' framework for assessments throughout the year, and more!

## Handwriting Without Tears Program

Handwriting Without Tears is hands-on, interactive, includes music and play, and has great teaching strategies for young learners getting ready for kindergarten. Handwriting Without Tears has a developmental progression building from what we already know.

For the curriculum fee, your child will use: 'My First School Book,' Mat Man and Mat Man books, Tag bags, flip crayons, and more!

## Scholastic Let's Find Out Program

*Let's Find Out* is an early-learning program dedicated to building interest in science and social studies. Our Creative class will get magazines once a week with these nonfiction articles in them.

For the curriculum fee, your child will use: *Let's Find Out* magazines, activity pages, have access to videos and games online, and more!
