

## **Child Health Form**

According to the NH State Licensing Rules, we are required by the Child Health Requirements and Communicable Disease Issues to have documentation of immunization for each child on or before their first day in the program. A child health screening form is also required for each child after no more than 60 calendar days in the program. You can request this child health form for day care, sports, and camp at your doctor's office. An Annual Update of this health form is required until age 6.
