

## Mary-Go-Round Collaboration with Little Angels Service Dogs Foster Program

Mary-Go-Round has entered a partnership with a Volunteer Foster Organization that trains Service Dogs. Little Angels Service Dogs in Bartlett NH, trains Service Dogs for Autism, Medical Alert, Psychological Issues, Hearing, and PTSD. All Foster dogs are healthy, temperament tested puppies or adult dogs. Mary-Go-Round has the unique opportunity to socialize these dogs with children and a school setting at the same time.

Mary-Go-Round believes that children can be of value to the Community. Our Students learn the value of accepting other's differences, to recognize individual challenges, and above all to help others. This partnership gives our students a genuine hands on opportunity to be making a difference.

The Foster Dog in Training may be at Mary-Go-Round for parts of the day, or possibly the entire day depending on the needs of the training. The dog will be working on basic training such as sit, stay, come; as well as more advanced tasks like Medical Alert, Item Retrieval, and Emotional Comfort.

Your signature below acknowledges that a Little Angels Service Dog in Training may be present at the school and that you accept this Foster Program Involvement within our Curriculum.
